Camp Berachah Scholarship Request Form

It is part of the mission of Camp Berachah Ministries that children who want to attend summer camp or a retreat have that opportunity. We also are committed to keeping our programs affordable. For families who find they cannot afford a camp or retreat experience, we have established a scholarship program to provide assistance. This fund is supported through generous donations each year from friends and donors. Scholarships are based on financial need, family or personal hardship situations, and for "at risk" children. Individual families, pastors, and organizations who want to send kids to camp will need to fill out this form with a registration form and forward it to the Registrar.
